$$C = \pi d \text{ and } E = gc$$

All of you probably know that to obtain the circumference of a circle the π always remain constant whereas d or diameter formula $C = \pi d$ is used, varies in accordance to the circle's size. Our Alumni Association has its own π —our goals, which are constant. We also have a variable diameter dependent upon the changes incorporated to accomplish our goals. Thus our formula could be written: $E = gc$ —to be interpreted as g for goals, c for changes and E for effectiveness. The E is derived only when the c varies and/or improves.

Examples of changes supporting our goals which equal our effectiveness are listed below. As you will note the changes center around our two basic functioning units, the Board of Directors and Standing Committees.

- New members to the Board of Directors
- Workable Bylaws and Standing Rules
- An ever increasing membership
- Furthering the educational achievements of Alumni members
- Provide interested candidates for annual ballot
- Submit news for "Alumni News and Views"
- Ideas and attendance at stimulating programs
- Payment of dues to cover budget expenses
- Ways to meet special needs of Alumni.

Let all of us strive to become a part of these changes.

At this time I present to you recent changes which will provide for future effectiveness.

Results of the election announced at the annual meeting held November 15, 1965 are the following:

- First Vice-President and Finance Committee Chairman—Ruth Johnsen
- Secretary—Joan Nelson
- Board Directors—Kathryn Minor Gdalmay
Edna McCullough
Edna Melby Travers

- Nominating Committee Members—Allison Myers
Helen Spinka Rutherford
Martha Bland Stewart
Jo Ann Young

At a special meeting held after the annual meeting, the Board of Directors appointed Esther Chavez Alfievic, Carolyn Fuller Johnson and Marian Panici to the Nominating Committee. In accordance with the Bylaws, the committee selected Jo Ann Young to be Chairman and serve on the Board. A complete listing of the Board of Directors and Standing Committees for 1966 is on the inside front and back covers of this issue.

The first Board of Directors' meeting was held on January 17. Aside from routine Alumni business the following dates were submitted for meetings in 1966:

February 14, June 13, October 10, and November 14 (annual meeting). Our annual Homecoming Day will be Thursday, April 21. Your invitation to the Days' festivities are on the first few pages. It is hoped that all members will share this invitation to Homecoming with classmates and friends, as all graduates of our Schools of Nursing are welcome to attend. For further information about Homecoming or other Alumni gatherings contact Inette Hoxsey, Program and Social Chairman.

Let Alumni Association membership be a change for you in 1966—either by way of renewed or new enthusiasm. Encourage your classmates and other graduates to join our membership. The benefits of receiving the "Alumni News and Views" four times a year, being eligible for education scholarships and loans, special services when needed, notices of all Alumni activities and fellowship obtained by working with alumni on the Board and Committees will soon be theirs, as well as yours. In addition to annual membership, Life Membership is available, this amount based on year of graduation and payable within one year. All members will become a part of $E = gc$.

May the Spring bring you joyful days. I look forward to seeing you personally at Homecoming on April 21.

Sincerely Yours,
Barbara Shippy Pack
President

MORE HELP NEEDED

Thanks to everyone who sent in their "CHAD". To those who have neglected to notify us regarding new names, new addresses, etc. we hope you are not too disturbed over not receiving your "News & Views", etc. and to those of you who are—we do the best we can with the assistance of the P.O. Dept. Second class mail is not forwarded unless you specifically ask for it, so the P.O. cuts out the address and attaches a little slip to it and sends it to us. This slip tells us several things—new address if left at old office, moved without address, unknown, etc. and the magazine goes into their paper-basket!

Would you please check your address on this issue and see if your zip code is included? If not would you drop us a card with it on? The P. O. is demanding them.

I have some more "lost" persons and since you came to my rescue so beautifully before perhaps you will do so again. The following names have the last known address attached—

Gertrude Lohmann, Sheboygan, Wis.

Lucy Ranney Cooper, Lyons, Ill.

Edna Youells Fralick, Glendale, Cal.

Kathel Baker Hibbert, Evanston, Ill.

Since I cannot write personal letters to all of you who have sent in CHADs and class CHADs, I want to take this opportunity to thank all of you.
Magdalene Steward, Exe. Sec'y

CLASS NEWS

1912—Mabel Dunlap has been ill due to a stroke.

1915—Winifred Bramhall Drake writes of a very busy year 1965. One of the highlights was her trip to the Homecoming and celebrating their 50th reunion with four other class members. A 21 day excursion was spent in Ireland—this being their tenth trip. They visited many cathedrals, castles and scenic spots, also saw several plays. On returning from their trip they celebrated their 50th wedding anniversary with their family.

1917—Nellie Showalter Hulett is a present in a convalescent home in Farmington, Michigan. She has been ill for some few years. Her husband has sent a composite picture of the class of 1917 and wonders if there are any who would like a print of it. He would be glad to send them to anyone on their request. The address is Max Hulett, 33601 Shiawassee Ave., Farmington, Michigan.

Madeline McConnell was elected president of the Community Services Council in St. Joseph, Mich. Miss McConnell is active in other Civic organizations such as League of Women Voters and the Society for Mental Health, to name a few.

1920—Alma Day Barnett has moved from Riverside, Ill. to Grand Haven, Mich. Her husband, Dr. George A. Barnett who interned at St. Luke's has retired after 40 years. They will live in Mich. during the summer and fall near a daughter, then in California during the winter to be near another daughter.

1921A—Bertha Madison Webb and her sister Hannah Madison who is a Wesley Grad entered Fredericka Manor, Chula Vista, Cal. on Dec. 14, 1965. She says there is another St. Luke's Grad there also, Edith Wilson Southam, 1904. It is a lovely retirement home and has a modern hospital and infirmary.

1927—Florence Coon Hargis whose husband is in TV and radio in Kentucky and Lois Churchill Schroeder were visitors at the school.

1928—Winnifred Whaley Slaughter and family have returned to the States from Nicaragua and are living in Ariz.

1945—from Virginia Traas Allen. My husband and I did get to San Francisco last spring, and what a wonderful trip for me. It was made especially enjoyable because I got to see and visit with so many of my classmates. It hardly seems possible that the years could be so kind to all of us, and yet everyone looked wonderful and unchanged. I saw the following, Mary Jane Barclay Judd, Jean Disoway Guy, Ann Evan Shepherd, Alice Keister Bush and Doris Bruhn Lambert.

Late in the fall, I had a very brief visit with Irene Korpinen Garvison and her family who just happened to be passing through Watertown. Irene is a very busy gal.

Vesta Kern Jacobs—207 E. St. Paul, Spring Valley, Illinois. Husband Charles, is a physician and surgeon. They have three children. Joseph is 16 and plays the piano well. Marion Wilson Reinhart has had a busy year. Has had her father and her children in the hospital for various reasons. Her husband, Wendell also had a recurrence of hepatitis. Marion is working two days a week in a doctor's office and is busy with church work.

As for myself, Delores Petersen Stasch, may I send a hearty thank you to all the girls who wrote at Christmas time. I appreciate it and am happy to pass your news on to the rest of the class via the News and Views. I'm very happy to announce our move in Aug. to Sidney, Nebr. LaVern is still with Mobil Oil Co. The children are very happy in their new schools, and while it has been quite an adjustment for them, they are doing beautifully. I couldn't wait to start working part time at the 60 bed hospital here. I find it a marvelous way to get acquainted. I don't especially enjoy working nights, but it is all I can manage with my three youngsters. A cordial invitation is extended

to all 53 B's to stop and see us anytime you are in our vicinity. We are moving into a new home in January, so we'll have room for house guests. A very happy New Year to one and all.

1956—9th Year Class Reunion

September 12, 1965 was a clear, bright, full of sunshine day. Cars containing tourists, sighe-seers and out-for-a-Sunday-afternoon drivers completed the traffic picture. However, several cars found their way to Marilyn Adam's home in Roselle, Ill.—these being class members and friends. Those who attended our 9th year class reunion were: Jeanne L. Smithers, Marilyn H. Adams, Barb V. Larsen, Joanne G. Swanson, Marilyn G. Thomas, Suann S. Orban, Ann Marie Lesniak, Paulette B. Camphouse, Marilyn M. Elliott, Mary Ann R. Mudra, Barbar S. Pack, Gladys deBoer, Mary S. Landers, Loretta T. Rakos, and Marilyn F. Elliott. Needless to say we were all pleasantly surprised to see Mary Ann back from California. She plans to settle down again near Chicago.

As usual conversation was not at a standstill for long—for the most part only when we were enjoying Marilyn's delicious Lasagne, plus salad, coffee, and desserts. Much discussion evolved around plans for our 10th year anniversary plans—refer to page 3 for 10th Year Class Reunion for details.

Nancy Tipton Schnoor wrote last Dec. '64 of being busy at home. Let us hear about your new arrival Nancy—sometime in March, right?

Carol Zwick Tapley writes that their daughter, Anne, looks like Dick. In January Carol wrote that Dick is busy with school and she was working part time at the State Psychiatric Hospital. Her job includes teaching the nurses group work plus opening their day hospital. Thanks for your card—write again soon.

Sonia Melichar Chovance and family are enjoying Tulsa—have been there over 3½ years already. Holly is 6 years old, Cassandra is 4 and Tiara is 1½ years. Was the new arrival in June a girl Sonia?

Joy Lee Rougk Burt and family have been in their new home for almost 2 years now. Sandra, their daughter, was 1 year old in May. "She is really a dear"—don't all parents feel that way? Mine are angels—when they are asleep! (B.J.P) Really I love them dearly Joy Lee—all four of them. Oh yes, back to your news Joy Lee—Marv has been attending night school at George Washington University and has his Master's degree in Public Administration.

Bernice Schreiner Torne writes that her boys are a lot of fun and manage to keep things humming in their home. Lennart is in 1st grade and Olaf is 4 years old. "Hi" to all classmates.

Pat Heindl Kaczorowski was unable to attend the reunion. Perhaps you can make our 10th reunion at Homecoming on April 21, 1966. Pat is still working full time at Boston Lying-In Hospital as Head Nurse on the Special Care Unit. "I will probably only be working until the 1st of December, as we are expecting our first child in February. We plan to 'house-hunt' in earnest soon with hopes of having our own home next summer. We didn't have a vacation this year as we took one late last year (November) for a trip to Nassau which we enjoyed very much. We were in Wheaton and Chicago the 1st part of May to attend my Father's wedding and visited Barb Ostrowski and Barb Larson at that time. It was wonderful to see them both again. 'Hello' to everyone and have a wonderful time at the reunion."

- Jane Stauffer Jones and family are enjoying their home in Larkspur, Calif. Their daughter, Stacy Anne, was 1 year old in July. Jane is working 2 nites a week at a nearby hospital on a Medical Floor. "I've had to re-learn a few things, especially medications."
- Mary Hunter is teaching Fundamentals of Nursing at Western Reserve University. Mary wrote in February that she planned to attend the ICN in Frankfurt, Germany this summer, as well as visit her parents, who are living in Portugal. We are planning a 10th reunion next Spring Mary and hope you will be able to attend as indicated in your letter.
- Leota Herman Stockanes and son, Christian, are now living in Bloomington, Indiana. Leota is a full time student at Indiana University working on her BSN. She was unable to attend the reunion at Marilyn's, but hopes to see everyone at the Banquet next Spring.
- Ruth Haas Gralow was unable to attend the class reunion in September. "We are planning to visit my family over the Christmas holidays, so I hope to see some of you then. Lennie has tentative plans to visit her family at that time also. Our fourth daughter, Heidi, arrived the last day of last year. She is now eight months and is already trying to keep up with her older sisters—Susan, 2, Anne, 4, and Julie, 6. They do keep me hopping, but I've always believed in physical fitness! They also bring us much happiness and fun—'the more the merrier' is so true at our house! I haven't done any hospital nursing in the last 3 years; am anxious to return to it in another 4 to 5 years. Right now I'm busy with the Sunday School, PTA (physical fitness, etc.) and have nursery school here one morning a week. Dick will be here as a test pilot until next summer, and then it's back to sea duty somewhere; as yet, unknown."
- P. S. Regarding the Paper, Ruth—here it is—before Christmas. The rest of us agree with you.
- Joanne Jacobs became Mrs. Donald Roy Ulrey on September 5, in Spring Valley, Illinois. Barbara Pack and Flo Lindemann attended the ceremony. Flo's husband, Harold, had checked the hospital locations between Spring Valley and Des Plaines—Flo was expecting their third child. Joanne and Don will be living on the North Side of Chicago. Needless to say, Joanne missed the reunion! She plans to continue work at Cook County. Don is an Industrial Engineer.
- Joan Spreer Teller was unable to attend the reunion. "In May the boys and I spent several weeks visiting my parents in Indiana. Other than that we have been enjoying the nice summer." Joan visited with Joanne Jacobs, Sally Ehlert and Peg M. Elliott while in Chicago in April.
- Willie Rudkin Boice wrote that Frank received his Masters in May and "we left California in June—my brave husband camped cross-country with the two older boys, ages $4\frac{1}{2}$ and $6\frac{1}{2}$, taking two weeks and seeing all there was to see across the northern U. S.—Yosemite, Grand Tetons, Yellowstone, Wind Cave, Devil's Tower. All had a most marvelous time. I flew from San Francisco to Chicago with Jeff, $1\frac{1}{2}$, our real live wire. (try camping next time, Willie—it's great fun!—B. P)
- We love the Washington area, although none of us were used to the heat. Frank has an excellent job in the Pentagon. He graduated first in his class and is working in the Advanced Research Projects Agency in the Office of the Secretary of Defense. It's a very exciting job and non-Navy; does considerable amount of short trip traveling. Have seen Terry G. Christinat and met her husband and darling new daughter, Wendy. Expect to see other classmates in the area. We will probably be here two years, but there is a very good possibility that we might all get to go overseas next June. There will be an opening in the ARPA Field Office in Bangkok, Thailand and Frank has requested it. While in Monterey, I was very active in meeting and working with the many International Naval Officers and their families so we have a number of Thai nationals we became friendly with. My best to everyone—our new address is 5960 Kedron St., Springfield, Va., Phone 451-6951."

Barbara Bareither Ostrowski was unable to attend the reunion. She and Bill have moved $\frac{1}{2}$ blk. from our old address. "I have been busy sewing curtains and looking for drapery material. I was in the hospital the end of June with strept throat and ruled out rheumatic fever—thank goodness. I am working 4 days a week recently since I recovered. We see Lois and her family frequently—they live on the south side of Chicago now. We saw Carol (Tapley), Dick and Anne on Labor Day weekend. Bill and I bought bikes and are planning a bike trip this weekend. Hi! to everyone."

Charlotte Huckel Leathers wrote that she will miss the reunion, but hopes to make the 10th year reunion next Spring.

Beverly Peoples Kermitz "greetings to you all. Sorry that I couldn't make (the reunion) this year, but although absent in body, I'll be with you in spirit. Our oldest, Marcie, was off to 1st grade this morning and my she was excited. That still leaves me with two at home—Dirk who is four and our 'baby', Becky Sue, who will be three in December."

Bev wrote that she retired from the nursing profession in November due to a change of shift in Vince's job. He works as a newspaper photographer for the Champaign-Urbana Courier in Urbana. Bev apologized for not having any snapshots to send, especially with a photographer-husband, "but you have heard of the cobbler's children who went barefooted—well, it fits us perfectly."

"We had a swell two week vacation in June — spent a week in Northern Wisconsin fishing and fighting mosquitoes. Have been doing some minor decorating, painting, etc., and have planned my winter project—want to 'antique' our dining room outfit."

Lenny Haas Leveen was unable to attend the reunion and wrote the following. "Our 3rd little red head arrived June 8. We named her Andrea Lynn. My folks came up for 2 week after she was born—and gave us the V. I. P. treatment.

This is always our rush-rush time of the year, with fishing, hunting, berry-picking, and gardening. We smoked and canned 32 cans of salmon. And we have the meat of a mountain sheep (very good), a moose and caribou in our freezer.

We took time out last Sat. night to go into Anchorage to see the New Christy Minstrels. Louie Armstrong is coming in Oct. and Van Cliburn next May. We get some pretty good entertainment up here."

Lenny continued by saying that they would spend the Holidays with Larry's folks in Portland. After that Larry has a very intensive study course and traveling to do in connection with his work. Thus Lenny and the children will fly home to Elgin about the 5th of March. She plans to have a "Koffee-Klatsch" and hopes many classmates will come. The whole family will return to Alaska sometime in May. "So with my love for traveling—I'm looking forward to our five months 'outside' this winter. Larry is commuting to Anchorage—an hour's drive—but they may plan to move closer in a year or so. "Hope you all have a wonderful time together."

Jan Plagge Stilwell "Once again I send my salutations from afar, though I'll be there in spirit. I could just about send in last years letter again because things have been fairly status quo. Chuck has been at sea again for 7 months (due back Oct. 5) but this time we had Easter week together in Hawaii. I made arrangements for the children to stay at home and I flew over when the aircraft carrier stopped at the islands enroute to the Western Pacific. It was a lovely interlude.

I've been doing some private duty once in a while, but most of the summer was spent at the pool or beach with the children. Our son, John, starts kindergarten this fall and Dana is $2\frac{1}{2}$. They are a lively pair and a lot of fun.

My parents and sister were here for a visit and I had a good time showing them around. There's a lot to do and see in the San Diego area. If any of you are ever traveling out this way, be sure and stop by—would love to see you."

Florence Henricks Lindemann and family welcomed Robert Harold on on Sept. 9. He weighed in at 10 lbs. 2 oz. and 22 inches long. Sheryl and Pat are enjoying their baby brother. Flo was unable to attend the class reunion, but did make it to Joanne Jacob's wedding on the 5th.

Paulette Camphouse Bos says there is a possibility they might move. John Paul and Nina are in school, leaving Ted home as company. Paulee is going to nite school to learn the new math, etc. Good Luck!

Annamarie Lesniak "changed jobs about 3 months ago. Working downtown for an ophthamologist in a very beautiful office suite. Also scrub in surgery at Michael Reese. Am very content with my first experience in office nursing.

Suann Stewart Orban and family are still living in rural Griffith. Glen (6) started 1st grade and Lisa, 4, is keeping Mommy company.

Marilyn Thomas Graf "still in Rantoul. Bob left for Korea in August and will be home in Sept. 1966. Julianne is 5, Robert is 2 and we are expecting a new one in January."

Joanne Gricunas Swanson "still living in Geneva. 'Retired' from nursing except for an occasional P.M. of private duty. Just starting our interviews to adopt a little sister for Deanne, now 2½."

Barbara Vestal Larsen "our 1964 model turned out to be a girl. Am still playing in the Bensenville Municipal Band—had a very successful summer concert season. Come out and give your ears a treat next summer!"

Gladys deBoer "changed jobs and I'm working at Gottlieb Memorial Hospital, Melrose Park. Also moved to a new apartment and have been busy decorating it."

Jeanne Lichtinger Smithers has "2 children in school. Working part time in intensive nursing at Lutheran General Hospital."

Peggy Montella Elliott "have just moved to a house in Wilmette in July. The boys love it and its great to get up and see greenery in AM. We're still working on our house and will for the next ten years. Have a new female dog—basset hound. Our kitchen is carpeted with newspaper now!"

Marilyn Hohlfelder Adams is busy at home with her girls, Debbie and Christi. She entertained the class members at our reunion in September. Many thanks Marilyn!

Lois Runion Hudson and family now reside on the South Side of Chicago. Kim is 3 years old and will soon have a brother or sister.

Sally Ehlert is still busy with work and the USAF Hospital Reserve.

Mary Ann Pardus Mudra "just recently moved back from California—now in the process of house hunting—what a miserable job! Julie is almost 3 and our second will arrive by Caesarean the end of February. How nice to know the exact date—be able to get all that ironing done in plenty of time.

Lee Hawley toured Europe for about 4 months—vacationing and visiting relatives. She is working nights at Edgewater Hospital.

Stephanie Clark Keeling was unable to attend the reunion and sent best wishes to all. Her two daughters, Sandy, 4½ and Cindy, 2, keep her busy. The family added a large outdoor swimming pool to the backyard. This has provided many pleasant days during the summer with relatives and friends.

Barbara Shippy Pack is pleasantly busy with her four children, Lynda, 5, Brian, 4, Gary, 2, and David, 8 mos. Barbara and Howard took Lynda and Brian camping overnight in their new 13x13 ft. umbrella tent. "It looked big, but not after all our bedding and equipment was inside!" All had an enjoyable time and are looking forward to more camping as the children get older. Barbara is still active as President of the Alumni Association, P.-S. L. and encourages membership of the 56 B's.

1962—**Patti Pape Uslha** writes—

Greetings from Japan;

This holiday season finds us stationed at Chitose, Hokkaido, Japan; 12th USASA Field Station. For the first time in three years we will probably have a "White Christmas". Up here the snow begins to fall in late October and continues until mid April.

We arrived in May after a 16 day, luxurious cruise aboard the S. S. PRESIDENT CLEVELAND. Since then we have moved three times and are anticipating another move quite soon. Consequently we haven't become very settled but have been kept on our toes. At present we are occupying a spacious, much remodeled, four bedroom quonset complete with fireplace.

Dan is the Post Dental Surgeon and has one other dentist working with him. They are expecting another to join their ranks very soon. They treat all the dependent and civilians as well as the military. An orthodontist visits from Tokyo once a month but this clinic handles all other cases. The clinic itself is quite adequate and is due to be improved and moved shortly.

Bowling and golf continue to be Dan's major forms of relaxation. He was elected vice-president of the local Japanese American Dental Association, holds an office in the golf club, and is on the board of governors for the Kuma Station Officers Open Mess. These activities plus the heavy work load at the clinic keep him rather busy.

We have a Japanese maid five days a week so Patti is free this year to participate in some activities, too. In addition to the coffees, luncheons and bridge games she is taking courses in Japanese conversation and brush writing and advanced bridge. She has also organized and is participating in a Japanese American Culture Exchange, and just recently completed a Red Cross instructors course in maternal and child care and will begin teaching the same in January. In October she worked at the post hospital while two of the Army nurses were on leave. Most important Atsuko (the maid) has afforded her the time to just play with and enjoy the children and also do quite a bit of sewing again. Dan and Patti are also able to enjoy many evening activities due to the baby sitting services so capably performed by the maid.

The children are healthy, happy, and full of energy. Dana was two in October and now talks constantly in both English and Japanese. Her antics continue to be a constant source of entertainment for Darrin. Her continuing self-assumed role of "little mother" is really a big help at times.

Darrin had his first birthday in October. At present he walks while holding on to things but hasn't taken that first big step yet. He plays all the little games that babies do and has learned so much by imitating Dana. His only word is Jia (Japanese for no).

We are enjoying our tour here and are looking forward to seeing other parts of the Far East. This area is rather remote and doesn't have too much to offer in the way of entertainment or shopping facilities. The wooded, mountainous countryside is very beautiful and offers many opportunities for hunting, fishing, and winter sports. The people are very friendly and their customs so interesting.

1963—**Ann Bridge Divoky** whose husband is Lt. jg in the Navy is living in Chesapeake, Va. She says that in several months they and their young son will be transferred to Pearl Harbor, Hawaii.

Lois Roth Getty is working 3-11 on a surgical unit in a Bloomington Hospital while Wayne completes his final year at ISU. Pamela Jean joined the family last May.

Sue Cochran: I have been working for a dermatologist in South Bend, Ind. since June and find the work interesting and very fast moving. We see on the average of 50 patients a day. I do everything from reception work to making up all ointments and dispensing medication. I also purchased a cottage in Northern Michigan. I am becoming quite an outdoor bug and am learning to fish and hunt. I have recently joined a social sorority-Beta Sigma Phi—which is made up of young women in their twenties.

Cathy Fritz is still living in Griffith, Indiana and is surrounded by many hundreds of men in her work in the steel mills as an industrial nurse. Her father became ill in October so she is quite busy just working and making the ninety mile drive to the VA hospital where her father is a patient. I understand that he is progressing quite well.

Pat Davies Montieth and her hubby are living in Silvis, Illinois. They are buying a split level home that has everything from the essentials to a workshop for her husband. She is working for three internists and finds her work quite challenging. Also, stated that she now makes all her own clothes.

Jo Ann Byers Doan is kept busy working part time and raising a darling five month old daughter, Pamela Sue. Bill is attending college. They live in Hays, Kansas.

Bev Burton Edens lives in Riverdale, Illinois and is a full time wife and mother to one year old Eddie. Her husband works with his father in the optical business. Bev states that **Cathy Bizek Svestka** has returned to the Chicago area from New Mexico where her husband was stationed with the Army.

Sharon Lugar Ferguson has two children and is temporarily retired. She is also living in Griffith, Indiana.

Barbara Jurs Redar is living in Highland, Indiana and is kept busy raising Scott Joseph who was born July 24, 1964.

Linda Hendrichs Smith and her husband, Terry returned from Germany in May and she was working at Riverside Hospital in Kankakee. She has a baby due any day (their first).

Mary Ann Kloc Sellershas on child and does private duty a couple of nights a week at Pres.

Bert Berry Gramer lives in Harvey, Illinois and is working full time as a recovery room nurse. Her husband, Chuck works in inhalation therapy at Little Company of Mary Hospital. Bert states that **Peach Allison Sullivan** is busy raising her two small children. Hope to see many classmates at the reunion in April (lets make it more than 21 this year).

1964—**Gail Francik** and family have moved to Alexandria, Va where her husband is stationed with the U. S. Army Medical Corps.

Nancy Naviaux Sanford and husband have moved to Canada.

Angela Brown Knaebel is living in Peoria since her marriage on September 4, 1965. She is working as a Public Health Nurse and also attending Bradley University.

Mary Jo Henning is working at the V. A. Hospital in Madison, Wis. as a staff nurse on the general surgery ward.

Marilyn Fink Trusheim moved to Wayland, Iowa after her marriage in June, 1965. She is working part-time at the Henry County Memorial Hospital in Mt. Pleasant, Iowa.

Mary Hatfield Klompmaher is busy with her new daughter and new home in South Holland. Jay is working on his MBA at U. of Chi.

Judith Milligan Del Veechio is working as a surgical nurse at PSL.

ANNUAL ALUMNI HOMECOMING DAY

April 21, 1966

It was a beautiful sunny day when many Alumni attended our sixth Annual Homecoming. There were 90 who took the Hospital Tours arranged by Miss Payne with the Volunteer Service serving as tour leaders.

The Homecoming Day Tea, given by the School of Nursing in the South Lounge of the Nurses' Residence from 3:00-5:00 P.M., attracted over 250 Alumni. There were many happy smiles and greetings as we found our classmates and renewed many former acquaintances.

Our evening began with registration and the fun Social Hour held in the Francis I Room. Following this hour our Homecoming Banquet started with the seating of 435 Alumni and Honored Guests in the Beautiful Gold Room in the Pick-Congress Hotel. The tables were beautifully set with pink tablecloths and red napkins and red candles. Our dinners were then served and consisted of delicious roast beef and ended with the ice cream cake topped with their flaming sauce.

Miss Inette Hoxsey, Program and Social Committee Chairman, welcomed the Honored Guests and Alumni. Those seated at the speaker's table were introduced at this time and included Miss Edith D. Payne, Chairman, Department of Nursing, Presbyterian-St. Luke's Hospital, Honored Guest and Speaker for the evening; Mrs. Barbara Pack, President, Miss Joan Nelson, Secretary, Miss Edna McCullough, Alumni Board Member, and Miss Barbara Anderson, President of the honored graduating class of 1966.

The Honored Guests of the 1916 and 1966 classes were recognized. A telegram from Mrs. Margaret Hoskins Andrews, Galax, Va., 1916, was read, as recent illness prevented her attending. Those present from the class of 1916, celebrating their 50th reunion included: Mrs. Ann Osseward Andrews, Milwaukee, Wis.; Miss Edna Braun, Chicago; Mrs. Bertha Blair Carlson, Denver, Colo.; Mrs. Margaret Jeanette Floyd, Greenville, Ill.; Mrs. Doris Palmer Rock, Oglesby, Ill.; Mrs. Nettie Millar Schroeder, Grayslake, Ill.; Mrs. Belle Clothier Sweeney, Oak Park, Ill. We were happy to have so many from this class celebrating with us!

Mrs. Pack, Alumni President, gave the following address: "Fellow Alumni, honored guests of the 50 year class, 1916, and the 1966 graduating class; members of the 25 year anniversary class, 1941; and our special guest, Miss Edith D. Payne: the Board of Directors and I extend greetings and a warm welcome to our 1966 Homecoming Day Banquet. A most enjoyable evening is wished for all.

Two vital forces that constantly work on our lives are the push of the past and the pull of the future. Yet, both the past and the future have their focus in the present. Today rapid advancement in specialized fields produces obsolescence of knowledge and skills. For those of you in the graduating class your future will be confronted with the need for continuing education. Keeping abreast of the professional nursing field is a lifetime pursuit. At Presbyterian-St. Luke's Hospital School of Nursing you have been equipped with the tools, the capability and the desire to continue in your personal and professional development. In the future, it is the hope of the Alumni Association to aid you in your chosen field of nursing. May you experience happiness and success.

Recognition was given to the members of the Board of Directors for their service.

Sincere thanks to you, Miss Payne, and the School of Nursing, for the delightful Homecoming Tea this afternoon. Our appreciation goes to Miss Inette Hoxsey and her committee for their many hours of preparation to make this banquet a memorable occasion. Sincere best wishes to you all for happiness in your future."

Miss Payne, Chairman, Department of Nursing, told us of the new trends in nursing and the changes that have taken place in our hospital in the past year. We certainly appreciate Miss Payne's kindness in writing a summary of her report for publication in this "Alumni News and Views", so that all Alumni will have the opportunity to read this.

The 1941 class members present celebrating their 25th Anniversary Reunion had 50 in attendance. The President of the 1966 Class, Miss Anderson, expressed greetings and appreciation for her class being honored guests at the banquet.

Miss Nelson read the class roll call. The anniversary class were outstanding in attendance this year.

Miss McCullough read the State Roll Call. Illinois, of course, was best represented. Those attending from states other than Illinois came from: Alabama, California, Colorado, Florida, Idaho, Indiana, Iowa, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Jersey, Ohio, Oklahoma, Oregon, South Dakota, Tennessee, Texas, Virginia, Washington, Wisconsin.

It's always nice to recognize the family combinations present.
Mother and Daughters:

Mother—Mrs. Augusta Reese Bosstick (1925)

Daughter—Mrs. Charlotte Huckel Leathers (1956)

Sisters:

Sisters Karen Compton Hart ('60) and Alice Compton Marczuk ('61)

Jan and Judy DiVecchio (1964)

Kala (1965) and Linda (1966) Gilmour

Mrs. Evelyn Johnson Hankel (1953)

Miss Gail Johnson (1966)

We were happy to have two former directors present with us. Miss Henrietta Froehlke attended the tea and Mrs. Dorothy Rogers Williams attended both the tea and banquet.

As our evening came to an end, it was sad once again having to say goodbye to all our friends, but everyone left having had a very enjoyable afternoon and evening. Hopefully next year we can see many of you again on April 20.

Sincerely yours,
INETTE M. HOXSEY

Social Committee

Miss Payne's Address (Summary)

Presbyterian-St. Luke's Hospital School of Nursing is discontinuing the internship or third year of the program. We are now offering a two-year program in nursing education. On completion of the program, a Presbyterian-St. Luke's graduate becomes eligible for licensure in Illinois.

In 1957 we instituted an experimental program of two years of basic nursing education with one year internship. It was the belief of the faculty at that time that nurses could be prepared to practice nursing in a well-planned two-year program. There have been six classes graduated from this program with a total of 704 nurses graduating. In evaluating the performance of students during the internship year the faculty has been convinced that the basic two-year educational program of this School of Nursing adequately prepares nurses to practice nursing. The third year could not be discontinued earlier because of the legal requirement in Illinois that diploma programs be three years in length.

In the June, 1965 Illinois Legislative Session, House Bill 580 was passed and signed into law changing the minimum time requirement for a school of nursing program from three years to two years.

The first class to be graduated from the two-year program entered the school in September, 1965 and will graduate in September, 1967.

THANK YOU

There have been inquiries regarding missed copies of "News and Views". So here are some reasons why you may have missed them—

- 1) There are only four issues a year—March, June, September, and November, currently.
- 2) Since they are sent second class they do not go out from Chicago as fast, usually they are held until the end of the publishing month, what happens at the other end is another question. This delay is the primary reason why some of you did not receive the March issue in time for Homecoming. We will have to make some adjustment.
- 3) Some of you neglect to send in your CHAD and the issue returns with your new address supplied by the Post Office. This means a second mailing which takes time to get it to you. Some are returned with address unknown, etc., so then I have to ask for help again—

Name

Last address

Kathel Baker Hibbert, LM—927 Hinman, Evanston, Ill.

Edna Youells Fralick, LM—1936 E. Glenoakes, Glendale, Cal.

Mrs. Robert F. Goodspeed, LM—1219 - 5th Ave. W., Hendersonville, N. C.

Inge Goldstein Kleiser—850 Prospect, Elgin, Ill. 60120

Esther Sunderman, LM—2717 N. Newland Ave., Chicago

Ceann Wallace Collier—2772 E. 75th, Chicago

Thank you for the help you have given me, you gals are wonderful, God bless! You have supplied some new addresses and the Zip Codes have been coming in like mad. There are still some who need to send them in before January 1967, but I am sure they will send them as soon as they can purchase a post card.

If anyone is wondering why we use the maiden name instead of their husband's and as CHAD's come in they will be brought into line with this practice, the reason is for identification. It is easier to find the individual for CHAD, for dues, and for class membership. Hope you do not really mind too much.

SOUTHERN CALIFORNIA ALUMNAE

Fifty six members of the Southern California Alumnae of Presbyterian-St. Luke's met for their annual luncheon on April 30. Eleven of those present were honored as graduates of 50 years or more—the oldest present was Mina Ashton Shidler, St. Luke's, '08!

Correspondence was read from Madeleine McConnell, Helen McMillan and Carrie B. McNeill and there were reports about the Maude Gooch memorial and the current illness (chipped femur) of Evelyn Van de Steeg.

Once again the group voted to send \$100 to the Carrie B. McNeill Student Scholarship Fund. It was interesting to find that over half of those present were still working, full or part time, but only 5 had daughters who are nurses or want to be!

The nominating committee presented names for the two officers which became vacant at this meeting: Kathryn Livingston Davis, Pres. '29, as assistant chairman; and Jean Jongewaard Farr, Pres.

'43, as secretary-treasurer. Both were unanimously elected, and will serve two years. Their terms overlap those of the chairman, Betty Borchardt Parker, St. Luke's '44; and the assistant secretary-treasurer, Irene Carlson, St. Luke's '40. Mrs. Davis and Mrs. Farr replace Mrs. Elma Jean Thompson (St. Luke's '38) and Mrs. Eleanor Butler (St. Luke's '41).

Next year's meeting will again be held the last Saturday of April (29th) at Dublin's Food 'N Fun, 6220 W. 3rd St., Los Angeles, at 12:30 pm.

Notes read from those unable to be present included:

Bernice Priest Slape, P '27: I have moved home to Berlin, Wisconsin, and am doing inservice training in the local hospital.

Betty Gosha Liles, St. L '51: Sorry, working that weekend.

Naomi Swem Harmeling, St. L '38: Hello to all; cannot be with you as am on a case at present.

Mildred Pringle, St. L '15: Regards to all from Scottsdale, Ariz.

Angela Spolar Hennessy, St. L '33: Our son, Robert, is in service in Germany. My husband will be flying to Europe May 7 for a 3 week vacation with our son.

Ada R. Crocker: So sorry I can't be with you.

Gertrude Troop Halley, St. L '38: Sorry, but we plan to leave on a trip to Illinois soon.

Catherine Stough Boyles, St. L '31: Can't make it again!

Ruane Heald Brunk, St. L '30: Hoped to be present this year, but my 80 yr. old father with whom my husband and I had made our home the past 3½ years passed away Mar. 15. Settling details and working (part time, 3-11, emergency room, Baptist Hospital of Phoenix) keep me pretty well tied down.

Ruth Sackett Zinke, St. L '21: Affectionate greetings to all.

Dorothy Brainard Deacon, St. L '22: I would enjoy hearing from anyone I've known and would welcome their visit.

Elizabeth Purden Thompson, P '29: Visiting Alice Hamilton in Evanston, and won't be back until May 6.

Celeste Firkins Williams, P '12: Am no longer able to attend the luncheons because of my age and disability.

Clara Pelz Spear, St. L '29: Taking a nurses' refresher course at the Junior College (Modesto), sponsored by the local district nurses' association—feel the need to be up-to-date with new trends.

Mary E. Bricker, P '21: Presently traveling in Europe—will return in July.

Jessie Ball Martin, St. L '13: Sorry to miss this meeting but each year seems harder than the one before for me to walk—some sort of paralysis in the lower part of my legs. Can still get around some and am very interested in all nurses' doings!

Bernice Cosgrove, P '20: Sorry I can't join you, it used to be such fun! Hello to everyone.

Ella Gasmann Curry, P '22: Leila Clark returned from India and will become a California resident this summer. Clara Alexander Spurgin is very ill in a nursing hospital in Wheaton, Ill. Both are Pres. '22 Best wishes to everyone.

Maryalice Fleckenstein Jones, St. L '44: Our son is now a Marine, stationed for some schooling at Pendleton and can be home week-ends for a while—he was a freshman at UCLA before joining the Corps. Best wishes to all.

Helen VanWyk Shure, St. L '29: Hope to be in Chicago or Wisconsin on that date—greetings to all.

Dorothy Colton Hinton, St. L '47: Still working at the local paper (Thousand Oaks). New hospital is on the drawing board—plan to work there when it is completed.

- Alice Johnson Cummings, St. L '40: Hope to make it next year.
- Florence Mall Christie, P '31: Enjoyed it so much last year, but can't make it this year.
- Bertha Madison Webb, St. L '21: In December '65 I moved to Fredericka Manor (Chula Vista)—the last and best word in retirement homes!
- Velma Shake Knight, St. L '32: Unable to attend this year. After a lengthy illness my husband passed away in Jan. '66.
- Marie Brickson Davis, P '19: Greetings to all. I got my heel caught in a welcome mat, fell and broke my hip—much improved now!
- Beth Wagoner Forror, P '37: I keep busy with family affairs, but keep my finger in the profession by working occasionally in my husband's office, and one day a month I work with a committee which helps the San Diego visiting nurses with supplies.
- Audrey Fleeger Donaldson, P '48: Previous family plans prevent my attending. Hope to see the O.R. nurses at the national AORN meeting in San Diego, Feb. '67.
- Elsa Rudolph, St. L '18: Sorry I can't join you—having a lot of dental work done and my mouth is sore!
- Grace Blair Gatewood, P '13: Sorry I can't be with you, but spent most of winter in California visiting Louise Todd Lessner. Hope to be back in Washington state by July.
- Margaret King Mumler, P '39: Can't make it—am taking care of my mother-in-law who had a heart attack.
Many others keep us informed of their whereabouts, but do not include any news items. Anyone planning to be in the Southern California area next April 29th is more than welcome to join us.

- 10 **Year Reunion Report By Marcia (July 1965)**—While everything is fresh in my mind I will try to keep the Reunion alive for you so you can relive it with me. It was a wonderful and most memorable night. We missed you, one and all, and we only hope you will be with us at the 15-year Reunion which we unanimously agreed we should have.

We had a private—much needed, air-conditioned colonial-style room at the Drake-Oakbrook. At the before-dinner social hour, 23 Bees plus 1 queen bee (Mom Rees) were buzzing. Some of the conversation went . . . "You haven't changed a bit." "Your hair is a little blonder than the last time I saw you . . . you've lost weight . . . how many children do you have . . . etc. Nonie made it to the Reunion. She made her reservation that day . . . so it can be done, not that we encourage it, though. Our table was a long banquet type, and Mickey's dark red floral piece adorned the center with 3 candlebra with 3 red candles at each end. Sandy's very attractive book covers (with class paper enclosed) were standing up in front of each place, and a favor that Geri arranged from Mead Johnson (a tape measure) was also at our place. Grace was said by Mom Reese, and it was very meaningful as usual. That was followed by a delicious dinner, so tasty my mouth is still watering. The beehive surprise (arranged by Jackie) was a mound (beehive) of ice cream and cake covered with meringue decorated with bees made from marshmallows with almond wings. It was popped back into the oven to brown. When it came to our plates, it was covered with strawberry sauce. I (Marcia) tried to keep things alive as M.C.—minus the jokes, that is (I'm not rated as a very good joke-teller). The Committee didn't take for granted the presence of some. We know it was hard for Edie traveling with 11-month-old Eric all the way from Louisiana, and Joan from Iowa, both leaving a volume of instructions for hubbies . . . or was it harder on the hubbies? They had planned to visit Downtown Chicago the following Monday before they left for home. Hope they didn't find it crowded. Only a few thousand demonstrators decided to march for civil rights that day. Those who traveled the furthest were Donna Akin (from L.A.) who received as a gift a map and compass to take her home. Airplanes were given to Lou (from Sacramento) and Marilyn (from San Francisco) so they could fly back themselves. Stan accompanied Lou on her trip, but Len was left at home to eat hamburgers . . . or was it steak? Other silly gifts were awarded to Jackie for being married the longest . . . a card which you would have to see yourself; and handcuffs for having the eldest child in the group. I've often heard, and I'm sure you have too, that small children are little problems, but big children are big problems. Eddie is really a good boy, though. For the newest newly-wed, Donna Koons Bradshaw received white candlesticks for those candlelight dinners we all used to have time for. And you guessed it—Donna also got an exercising jump rope to use after the baby is born. She was the most p.g. We had to scout around for the one who was the least p.g.; and since nobody else confessed, we gave a small baby doll to Lori whose baby is due in the near future. Marion received Boss Pills because she has been holding down the fort at Pres.-St. Luke's the longest; and some new cap material was also awarded just in case hers is dirty after all those years of service. Aside from Marion, we know Lois and Joan must be making the most money, so they split some pennie rollers for all their loot. Toy dishes went to Marilyn Connelly for having the youngest girl baby, and a jeep went to Eileen for having the youngest boy baby. Among the special awards were a painting book for Mom Rees to encourage her new hobby; an ear of corn (real, too) for Joanie from Iowa; flea powder to our gal Sal for

use in her dog kennel; a calorie counter so Edie won't gain any excess weight with her next pregnancy (I almost got the book in my face); a dangerous drinker sign for Mary—and if you don't know why, ask her what she was singing the night she almost ran Mrs. Bell down running in to make curfew; an unfinished scarf for Marlene to finish knitting; a golf ball to Carol Mooney, plus a bandage cause she is such a dangerous sportswoman. Since Pattie was involved in Project Headstart, I presented her with a painting from a pupil in the summer school program. Lorie squealed at the sight of a wiggly worm. That's to fatten up the fish in Minnesota. Since the fishing was lousy in Kentucky, we try Minnesota next. Maxine received a new address book for the person having most recently moved. The Good Samaritan story was read as a good example of all Geri's services to her friends and neighbors. A receipt book was also given to her to help collect the rent for their apartments. When asked if anyone had a memory loss in the last year, and after everyone looked around puzzled, I confessed I needed the reminder book. I goofed and placed Craig David in the wrong household. He belongs to Nancy and Gene Balis, so a bottle was given to Nancy just so she knows we know. Now, did I forget anyone? Oh yes, and I did that evening. Four-o'clock seeds were given to Jo since I hunted all over and couldn't find for-get-me-nots. She split them with Nonie since we didn't know she was coming.

We had a few door prizes to give away, so we played a silly game. Marilyn won and we were happy to present to her two beautiful hand-made Hawaiian pillows that Margie made especially for us since she couldn't be with us. Lori got my ashtrays made of pottery . . . oh yes, I'm still making them. I'm in a rut. Margie also made notebook covers from bark and shells which went to Lori and Donna B. It's now DECEMBER and I'm still reminiscing about the Reunion. It took a long time. Sally received Mickey's center piece for winning the picture contest game for guessing which kids belonged to which mothers. Joan Warder won the booby prize . . . home-canned beans from Donna.

The evening wouldn't have been complete without Pepper's carefully written report of the past 10 years. This was read by Pepper and enjoyed by all.

We were very happy to feel the presence of Mickey close by with the beautiful floral arrangements she wired to us. The card read "Hi, just want to let you know I am thinking of you and surely wish I was there. Have a wonderful time! Write!!!" She also sent a beautiful orchid to Mom Rees. Jackie saw Mickey on their vacation and things are bouncing as ever with David now 9, Peggy 8½, Linda almost 7 and Laurie 3 sometime this year.

Lil LeClerc Shafer also wrote a greeting which we read. Since they are expecting No. 3 August 20th, she was unable to join us. She is predicting it will be a few weeks early. "Our other two, Wade, 3 years and Brenda, 2 years are fine; mischievous Brenda is dark and talks constantly like her Mother. Wade is blond and blue-eyed and is the deep thinker." Lil enjoyed her teaching as much as nursing. "Lots of papers though with so many laboratory periods—frogs, fish, etc. were thoroughly covered." She says she has retired—Lil retired?!!!! She did admit she might take an occasional special duty. Her Mom has been adjusting well, working very hard. Her oldest brother is in Viet Nam flying helicopter missions everyday. We will keep him in our prayers, Lil, in fact our kids do now. Send us his name. He's now known as Lil's Brother. Lil writes "any of you who care to get lost up my way, you will be most welcome." She was very happy to see Pepper and Family last summer while Pep was camping there.

Edie informed us that Joyce Irey Callahan and Leo had a baby girl January 4, 1965. Her name? Maureen Ann (she thinks). How about letting us hear from you, Joyce.

Other news from Reunion postcard returns: an answer from Mrs. Gaare telling us on June 25 Dee went on an escorted tour of the Orient—Hawaii, Japan, Hongkong, Bangkok, Manila. Returning she is staying for a 6-day extended tour of the outer island of Hawaii—also visiting her brother and family in Seattle. She is still doing private duty. Ethel Kuchenbecker Waterstradt wrote "I have 3 children, Karl 3 years old, Heidi 18 months, and Gretchen 2 months. I am not working and I live in Appleton again." Unfortunately, Ethel sent no address. Anyone have it?

Modesta Gutierrez Cavada wrote they have bought a home in Artesia, California, and still working in charge of Recovery Room, French Hospital. She works full time or leaves when last patient recovers. "My 22-year old Nephew and only relative is with me at last."

Marlene attended Reunion but she wrote "keeping busy! Knitting, redecorating our 'new' old house, taking care of my 3 angels: Scott 7½, Steven 4, Susan 3."

Winnie wrote they are off to Caracas, Venezuela. If we ever get her address, she may get a paper. Please send it to me if anyone hears. Dorie was disappointed not to have made the Reunion, but they were in the middle of moving to their new location in Dayton, Ohio. Their house sounds nice and there is room for the girls to roam. "Jim is going to be working on the X-15 and X-21 projects as an astronautical engineer, and on a trip to California may see 2 test flights. He, of course, won't be flying these planes." The Class may not understand all that, Dorie, but my Don was very impressed.

Ellen and husband found so much work upon their return from a trip to the East Coast that it prevented Ellen's trip to Chicago. She writes "Ronald is four and Robert 9 months. I still enjoy sewing, house plants and gardening (but they're pretty much confined to nap times or evenings . . . the boys aren't much help). I haven't done any nursing for about a year, perhaps I'll do a little part time to keep up with new developments."

WESTERN UNION TELEGRAM:

Dear St. Luke's Girls:

Congratulations on your 10-year Reunion. Just keep something in mind for me. You are never too old to have babies! Hope to see you. Signed: Dr. Beebe. Class of 195?."

"Just wanted you to know I have won so many friends and influenced so many people, I feel like the Old Women in the Shoe with so many friends I don't know what to do. Signed: Dr. Patrick."

A legitimate one: "Congratulations to you and the Class of 1955 on nearing your tenth anniversary. Much has happened to all of you and much has happened to PSL in these ten years. Have brought you up to date on us in the Alum 'News and Views'. I wish I could hear about all of you. Have a lovely Reunion. I will be thinking of you. Signed: Edith D. Payne."

The evening was almost complete, the waiters were carrying away the chairs and we were coming to the end of a pleasant evening when who should pop in but good old Timm. Well, we just had to start all over again . . . so back came the chairs, with a few glares, and we continued to buzz into the wee hours of the morning.

HELP! HELP! We need typists of any kind to type the stencils and then we need the stencils run off, funds providing. I (Marcia) have used all my relatives, including good ol' Don. Geri has used her sister, and now Pepper has used a friend from church, and her sister; and Don Bradshaw has offered to type and run off this Reunion report. If you want to continue with the Class Paper, we will need some offers from you. I can't type. To have it done would cost \$45.00 for a 12 page newsletter, and ours is sometimes

15 pages or longer. The cost per year would be \$1.50 - \$2.00 counting mailing costs. It's up to you. Please let us have your ideas and offers. I hate to be the one to have to say this but it gets harder and harder to track you down as the years go by. You aren't very good about sending in your changes of address or your news. No news, no newsletter! Please send in all news twice a year in June and December to your tracking station. And write in at any time about marriages, births, special events, and CHANGES OF ADDRESS. We will run a month-by-month newsletter; and when we have enough news, we will print it up. Now, I have to ask for money. We collected \$1.00 from everyone at the Reunion, so please send \$1.00 with news to your tracking station before June of 1966.

Changes of address since June:

Helen Royer Moore (The Rev. and Mrs.)

Route No. 3, Lima, Ohio 45807

Dorie Busch Garber (Capt. and Mrs.)

5452 Honey Locust Lane, Dayton, Ohio 45432

Ethel Kuchenbecker Waterstradt has moved back to Appleton, but she failed to send her address. Anyone have it? Send it to me.

A Baby: David William, all 9 pounds, 9 ounces of him, bounced in at the Bradshaw household. I (Marcia) have had the privilege of baby sitting for him while Ma and Pa put their voices to good use in the choir, and David is an angel. Since Don will be finishing up the paper, maybe he'll add his 2c worth about David. Your limit is one page, Don. (Thanks, Marcia, but I won't even start to tell how cute, smart, etc., etc., etc., he is. Just come visit us some day soon. Donna and I would love to see any and all of you.)

New address: Carol Coutinho, Rua Conde de Iragá 571, Botafogo, Rio de Janeiro, Brazil, South America.

THE EDUCATION FUND

Many persons today honor birthdays and anniversaries by sending contributions to their favorite education funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your Alumni Education Fund by so doing? An acknowledgement will be sent to the family or friend by the chairman of the Education Committee and the amount of the gift will be held in confidence.

The Education Committee of the Alumni Association extend their welcome to new graduates and new members. Through the Education Fund, Scholarships and Educational Loans are available to those who wish to continue their education.

A Graduate Nurse Scholarship is awarded each year for which application forms are available through members of the Education Committee. These applications should be submitted to the Committee before May 1 for the following school year. Educational Loans from the M. Helena McMillan Graduate Loan Fund may be applied for at any time. An Educational Loan is granted without interest and is to be repaid within a three year period.

If you are interested in continuing your education and earning a degree, the Alumni Association may be able to assist in accomplishing your goal. Contact one of the members of the Education Committee or write to the Alumni Association "Education Committee" for further information.

CONGRATULATIONS 1966 GRADUATES!

Dear Graduates,

The Board of Directors and members of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing wish to extend their sincere congratulations upon your recent graduation. A fellowship of more than 2100 Alumni welcome you to courtesy membership.

Today, in this ever changing and creative world, the completion of this phase of your nursing education leads to new fields of specialization. Whatever your chosen field of nursing, the Alumni Association hopes that you experience a life filled with deep satisfaction and happiness.

Annual or life membership in your Alumni Association offers many benefits. For those able to continue their nursing education, scholarships and loans are available. The "Alumni News and Views" is published and sent to all members four times a year. Meetings that feature programs of broadening interests are held in February, June, October and November. Our annual Homecoming Day is held on the third Thursday in April. Notices of these activities will be mailed to you.

We look forward to the opportunity of greeting you at our next gathering. Best wishes to all.

*Cordially yours,
(Mrs.) Barbara J. Pack
President*

ATTENTION ALUMNI "GROUPS"

The Alumni Association is interested in the smaller groups of Alumni members which have formed in various parts of the country. We hear regularly from the Southern California group but we'd be interested in knowing where there are other such groups. If we know where you are, who your chairman is etc. we can publish this in the "Alumni News and Views" periodically so that other graduates moving into these areas will know who to contact to become a member of your area Presbyterian-St. Luke's Alumni. Please let us know where you are, how often you may meet and who the chairman is in your area.

A MATTER OF ROUTINE

So many times in the busy, hurried, and often times hectic lives we lead, being a member of an organization becomes a matter of routine. The Board of Directors hope that the membership you hold in your Alumni Association yields not to routine but to a feeling of pride in our achievements. The Board takes what may seem routine matters and creates ways of accomplishing our goals.

Meetings of our general members were held on February 14 and June 13. The Board of Directors met on March 14 and May 9. In appreciation of the program presented in February, by Rev. Shaw, a contribution was sent to the Planned Parenthood Association. Upon recommendation of the Education Committee, chaired by Mrs. Florence Klenze, three graduate scholarships and one graduate loan were approved by the Board. Continuance of the Association's interest in our School of Nursing was shown by the establishment of annual contribution to the Library Fund of the School.

THANKS

Again I wish to thank all of you who have helped in finding "lost" addresses, and many thanks for the beautiful cooperation in sending in the Zip codes.

At present there are three "lost" ones with their last known addresses—Edna Youells Fralick—1936 E. Glenoakes Ave., Glendale, Cal. Mrs. Robert E. Goodspeed—1219—5th Ave. W., Hendersonville, N. C. Barbara Antognoli Tessarolo—2717 N. Newland Ave., Chicago, Ill.

I am in the process of getting reunion lists ready for next Homecoming reunions—if there are any who desire lists other than the five-year intervals please let me know. I intend to get the five-year ones done early so that when any one requests one it will be done! Remember the third Thursday in April is the day and time flies.

Also there have been requests for the St. Luke's Year Book. The last issue was 1955 and there are none on hand, sorry. There will not be another Year Book published, it is too much trying to up-date it—addresses change so fast that there would be hundreds of changes before the gally returned for proof-reading—hence the class lists which we prepare for you.

Anyone upset over not receiving there News & Views for March? I answered many complaints—here is the scoop. Miss Bossard and the printers got to the Post Office in time but the PO sat on them. Also if the address is incorrect they are not forwarded but the name with a correct address, if they know it, is returned to me. Some can be sent and some cannot so keep us informed. If those of you who have not paid your dues do not receive the September issue that is the reason—unpaid dues. There really is no deadline for paying dues because there is no re-instatement fine but it was decided that the March issue would be the limit on News & Views for unpaid dues.

CLASS NEWS

1908—**Peninah K. Jones** voices the desires of all the graduates, she wrote, "Have just read the News & Views. Too bad no news of our older graduates. Sorry no news of the old members. Many of us are still alive." Why don't all of you send in some news? Young—old—and in-between ones.

1913—**Erma Holmgren Johnson** writes that in spite of having to walk with a cane now due to her injury she has been in Florida, Wisconsin, Rockford and other places, she is also able to do her own housework.

1921—**Mary E. Bricker** was unable to attend her class reunion at Homecoming due to her leaving for a trip abroad to visit the British Isles and Scandinavia.

1923—**Arlouine Price Spring** is in the hospital at Portage, Wis. She is between Nursing Homes trying to find a satisfactory one.

1930—**Beatrice Binder** has resigned as Director of Nursing Service, Sturgis, Michigan. She is living with an aunt in Ft. Wayne, Ind. and will be spending the winters in Phoenix, Ariz.

Ruth Sperling recently retired from 30 years of Federal Service, Division of Indian Health and Army Service combined. She is planning to make her home in Phoenix, Arizona at 2014 E. Weldon St. She reminds all that the "latchstring" is out.

1934—**Cherrill McCumber Bates**, husband and twins John and Mary were in England two weeks in the Spring to attend the marriage of their older son Joel in Ingatestone, Essex.

1935—**Sophia Sonnenberg George** was visited by **Lucille Kern Anderson** and family, this past June. Mrs. Anderson is the supervisor of the In-Service Department at St. Peter Hospital in Olympia Washington. She organizes, correlates, and implements the In-Service program for the benefit of all personnel within the department of nursing—which includes, nurse aides, licensed practicals and candy strippers also.

1936—**Marabelle Taylor** plans to spend her furlough in June-August in Oregon and Minn. It must be wonderful to look at trials, tribulations and joys of one's work as an adventure.

1941—Eight members of the 1941A class attended the banquet. **Joyce Maetview Groh**, **Irmgard Kugan**, **Marion Schempp Haar**, **Betty Savio Lukosus**, **Katherine Wilkinson Staten**, **Ruth Cannon Young**, **Mary Sowa Cochran**, **Evalyn Small Mikes**. They reported they all looked good and would like more to be present next year. Of those not attending were **Evelyn Van de Steeg** who was a patient in Long Beach Community Hospital with a hip injury. **Eileen Pnickett** was on furlough from India last year and missed seeing her classmates. **Eileen's** address is **Schalpur**, **Amrohati District Maharashtra State, India**. She would love to hear from her classmates.

Wanda Watson Wollenberg of **Crete, Ill.** was honored at the **Loyola University School of Nursing Honor's Day** ceremonies for having a 3.5 or higher over-all average. She graduated **BSN, cum laude**. She had served as a public health nurse with the **Park Forest PH** department from 1961-1965.

1947—**Doris Molbo** who is associate director of nursing research, **John A. Hartford Hyperbaric Unit, Lutheran General Hospital, Park Ridge, Ill.** is co-author of a textbook entitled "**Gynecologic Nursing**." The other authors are **Dr. John Brewer** and **Dr. Albert Gerbie**, both at **Northwestern University** and **Passavant Memorial Hospital**. **Doris** received her master's degree from the **University of Washington, Seattle**.

1948A—**Gloria Masse Reed** voices **PK Jone's** thought, but from the younger point of view—perhaps her classmates and others also find it hard to take time out in a busy day to write, but she thinks that they should once in a while. They and their four children live in **Park Forest**, her husband is an advertising copy-writer working as an editor for **International Harvester**. She would like to get a round-robin started in her class—so how about contacting her dear classmates? address—**227 Shabbona Dr., Park Forest, Ill. 60466**.

1952—**Betty Trimm Domnitz** according to the **Peoria Observer, Ill.** is a very busy person—art student, **RN**, model, wife and mother. She is studying art at **Bradley College**. The **Domnitz** family consists of two girls, a boy and a Schnauzer.

Six members of the class attended the Annual banquet: **Marge Warren Audette**, **Lois Harper Thill**, **Patricia Wharton Howell**, **Kay Edmonds Randazzo**, **Ruth Henning Mackler** and **Jean Trantow Rebstock**. They discovered they were all practically neighbors and decided to plan a late summer get-together at **Marge Audette's**, **3109 Belwood Lane, Glenview, Illinois**. The **Rebstocks** moved into their first home in **Wilmette** **July 1st**. She keeps busy with several church organizations, particularly choir, attends local nursing meetings and occasionally does vacation relief. The group decided they'd like a record turn out next year at banquet. It will be their **15th Anniversary**.

1955—**Georgia Dale Holguin** is vacationing from nursing for a few years. They are delighted with the new addition to their family. They live in **Hurley, New Mexico**.

1956—Since Homecoming quite a bit of mail has come in from various members of the class. **Dodie Lawson Newby** writes that they have a new home in **Neenah, Wisconsin (247 Berkeley Dr.)** which is convenient for **Ken** who is an ophthalmologist in a clinic in **Menasha**—next door to **Neenah**. The two girls are in school—**Cindy** 7 in first grade and **Gail** 5 in kindergarten. Between the children, new house and community activities she is pretty busy! **Helen Boudry Dedmon**, husband **Bob** and 3 girls (**Sharon**, **Mary Dee** and **Susan**), also live in **Neenah**. **Robert** is in a clinic with two **G.P.'s**, 2 **Pediatricians** and 1 **Gyn**—**Ob man**. Since he is the only internist, he is really busy. **Helen** is busy with various community and professional activities—plus ballet lessons!! Both of the gals said to stop by when in town. **Helen** is at **143 Fifth St.**

Nancy Crane Atterberry came for Homecoming but had to miss the banquet and blast afterwards because Roger was ill. He was back to work when Nan wrote. The girls are so cute and getting big!

Pat Overlease Alexander missed Homecoming by a hair. Verne came down with the flu and Pat had to stay home to nurse her 3 men (sons David 4 and Mike 1½)! Between the children, doing the "books" for Verne's business, committees, etc. she keeps occupied but still manages to take an occasional course at MSU where Verne is completing some work in philosophy.

Jackie (Hope) Colley Kent and husband Allan have four boys (Jeff 9, Gregory 7, Christopher 4 and Matthew 19 months') live on an acre near the dunes. She claims that only boys—not gardens grow well in the sand! Allan is a mechanical engineer for American Steel and Jackie works occasionally to fill in when someone is ill—caring for 4 active boys is no work?

Ruthie Swanson Hall seems to be thriving in her role as wife of the minister of Kitchell Memorial Presbyterian Church (Hanover, N.J.) and mother of 4 (Karen 10, Debbie 8, Helen 6, Scott 2)! Doug has been minister there for 6 years now and looks like the epitome of the good new crop of ministers.

Dee Lentz Wham attended the funeral of Carol Schleef Abram as a friend as well as class representative. It seems that Al's mother will care for the children at her home—Al was there too.

Carol Wittensten Howard wrote that George would graduate June 10th (Civil Engineering) and since he planned to work for San Diego County they would continue living there. Carol is head nurse on a special cardiac unit and by now should be settled in the new hospital—that should be quite an experience. They would be happy to see some familiar faces too, so be sure to contact Carol when in San Diego.

No new news from the rest of the gang except from Merel Schmittler who just returned from vacation. She and Magdalene Steward (41) visited Gettysburg, Williamsburg and Cape Hatteras. This is really a delightful way to learn history and after all the talks at Williamsburg, Monticello, etc. You come home feeling really proud to be an American!! In West Virginia scenic route is synonymous with hills and sharp curves—beautiful in spite of the driving hazards.

1958—Marjorie Wikstrom Taylor writes that her husband has been working in Watseka this summer and just gets home on the week ends. They have 3 children, a boy and two girls.

1960—Susan Wandrey is working at the University of California Hospital in X-ray therapy, giving radiation treatments to cancer patients. She recently purchased a VW.

Marilynn Gerloff is night co-ordinator at P.S.L. and Aggie Suzuki is still an airline stewardess instructor for PAN AM. In May they took a Hawaiian vacation visiting family and friends on the various islands Aggie is teaching refresher courses now but still continues to travel also.

Joyce Reiner Ewert is keeping busy at home in Lombard with David 2 and Sheryl 1 month.

Joan Spooner Vanderkop has had a busy summer in which she spent over two months in Houston with her husband while he was there on company business, surgery on her wrist and nursing her small daughter through chicken pox.

1961—Judy Bonnet Ciecka says she's keeping busy in Danville, Illinois. She's not working now until the children are in school. The drugstore business is doing well now.

1962—Celia Gutierrez Skelley was married in December. They are living in Jackson, Tenn. where she is working part time at the city-county hospital. She is getting adjusted to a small southern city with its southern accent.

Evelyn Ritler Ferguson and family have returned to Chicago from Tacoma, Washington. They have a baby boy, Adam Charles.

Stella Cotramanis Vasilatos is now living in Chicago. They have a new baby boy, Jerry.

Dianne Barrett is living in Los Angeles, California and working in the Orthopedic Department of the County Hospital. She is a head nurse in the operating room.

Mary Steffenson Stack is living in the Chicago area where they now just purchased a new home. Her husband is finishing his pathology residency at Chicago Hospital.

Suzanne Stevens Dunn is now living in Adana, Turkey where her husband is a dentist in the USAF. They are enjoying their stay in Turkey. Next year they hope to return so her husband can finish school to become an Orthodontist.

1963—**Lois Rotli Getty** will be living in Beecher, Illinois where her husband will be teaching biology in high school this Fall. She was working in Bloomington while her husband was in school there. Marcia is 3, Pamela 15 months and Kristen 2 months.

Elizabeth Baker Stonecipher writes that they will be in El Paso, Texas for another year while her husband is in the service. They have been doing a lot of traveling this summer. She had been working at Provident Hospital, El Paso until recently.

Penny Boeche Stopoulos and husband are now stationed in North Dakota with the USAF. Their little girl is 2 years old.

Ann Bridge Divoky and young son Mark are still taking advantage of her husband's navy stint. They lived at various navy sites in the States, went to Europe and now are in Honolulu.

1964—Living and working in Vietnam "is like something out of a John Wayne movie" writes **Jack Theil**, former nurse in the intensive care section and graduate of the Presbyterian-St. Luke's Hospital School of Nursing.

Jack arrived in Vietnam in late April as part of a nursing team sent by the State Department's Agency for International Development (AID). He is volunteering for 18 month's duty in the war torn country.

Located in Quange Nagi province, Jack says, "There are somewhere between 10 and 15 thousand Viet Cong roaming around the area. The house I live in is completely surrounded by a seven foot cement wall topped with barbed wire. We have two concrete bunkers in case of a mortar or hand grenade attack."

The AID nursing team was sent to Vietnam to care for civilians and train Vietnamese nurses. Jack is working in a 350 bed hospital where the usual census is 400 to 500 patients. He says that 80 per cent of the patients are war casualties.

The surgical ward in which Jack cares for an average of 50 patients only has 25 beds. It has one sink which "occasionally has water, one electric outlet which seldom works and no toilet facilities."

During his first two weeks in Vietnam, Jack has put on all casts and debrided and sutured all the wounds in his ward. He has put in several chest tubes and performed two small amputations.

Phyllis Schlundt Josephson has been doing part time mental health nursing in Freeport, Illinois. As of September 1, they will be living in Macon, Georgia where husband, Don has accepted a position as instructor of Mathematics at Mercer University. She was happy to see Carol Stuit, Sharon Smith Lousway, and Nancy Erickson at Bonnie Szymkowiak Mattinz wedding in May.

1965—**Dawn Lueck Stolzman** was married in October, 1965. She is now working at Appleton Memorial Hospital and really enjoying it. They are in the process of building a home in Appleton. Her husband, an accountant, is preparing for his CPA exams.

Donna Doughty Ferguson is living in Downers Grove and working as staff nurse on Z Pavilion at P.S.L. Donna's husband works for Firestone.

Miss Magdalene Steward, 1941, continued to serve as Executive Secretary and reported to the Board upon request.

The Board of Directors held one special meeting on November 15, 1965 and four regular meetings in 1966 on January 17, March 14, May 9 and September 19. Your president presided at all meetings.

As stated in our bylaws, business under the jurisdiction of the Board of Directors was carefully considered and acted upon the best interest of our goals. The Board established an annual contribution to the Presbyterian-St. Luke's Hospital School of Nursing Library Fund. This will be for the purchase of professional literature.

Our Student Scholarship Fund has again received a contribution from the Chicago Presbyterian-St. Luke's Hospital Nurses of So. California. The Association is grateful for the active interest of this Alumni group.

Your president conducted business meetings for the following: annual meeting held November 15, 1965 and regular meetings held on February 14, June 13, and October 14, 1965. It was a sincere pleasure to extend greetings to the alumni and honored guests who attended our Annual Homecoming Day Banquet on April 21. In appreciation for the fine programs presented by Rev. Shaw of Planned Parenthood Association in February and Dr. Paul Holinger in June, the Board approved contributions to funds aiding in the work of each respectively.

As your representative I accepted an invitation to attend the Graduation Breakfast at the School of Nursing on September 8. Our Alumni Association Award was presented to Miss Marilyn Johnson for outstanding performance in patient care, scholastic achievement, and citizenship. The commencement service for the graduates was held in the afternoon at St. Jame's Cathedral.

I would like to take this opportunity to express my very deep appreciation to many persons, those on the Board and members alike, who have made these past years as president so meaningful to me personally. Sincere thanks to all for your support, interest, and enthusiasm in alumni affairs. May this continue in the years to come to further our growth and goals.

Respectively submitted,
(Mrs.) Barbara Shippy Pack

TREASURER'S REPORT

We have examined the Statement of Financial Condition of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing as at August 31, 1966 and the related statements of cash receipts and disbursements of the several funds for the year then ended.

In our opinion, the accompanying Statement of Financial Condition and the related statements of cash receipts and disbursements present fairly the financial position of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing at August 31, 1966 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

MEMBERSHIP COMMITTEE

During the past year some attempts have been made to encourage membership in the Alumni Association as a regular member and a life member.

An article regarding life membership was placed in the June issue of "News and Views," reminding the membership that a life membership in the organization is available.

One hundred twenty-nine letters with Courtesy Membership Cards were mailed to the 1966 graduating class. During the month of October letters are being sent to individuals from classes 1961 through 1965 who have not renewed their membership, encouraging their rejoining the Alumni Association.

THE EDUCATION FUND

Many persons today honor birthdays and anniversaries by sending contributions to their favorite education funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your Alumni Education Fund by so doing? An acknowledgement will be sent to the family or friend by the chairman of the Education Committee and the amount of the gift will be held in confidence.

The Education Committee of the Alumni Association extend their welcome to new graduates and new members. Through the Education Fund, Scholarships and Educational Loans are available to those who wish to continue their education.

A Graduate Nurse Scholarship is awarded each year for which application forms are available through members of the Education Committee. These applications should be submitted to the Committee before May 1 for the following school year. Educational Loans from the M. Helena McMillan Graduate Loan Fund may be applied for at any time. An Educational Loan is granted without interest and is to be repaid within a three year period.

If you are interested in continuing your education and earning a degree, the Alumni Association may be able to assist in accomplishing your goal. Contact one of the members of the Education Committee or write to the Alumni Association "Education Committee" for further information.

CLASS NEWS

- 1908—**Florence Yellowlees Rider** has been living in Plymouth Place for the past year. She attends the homecoming tea each year and she is well and enjoying life very much. Her class originally had 15 members, 5 of which are still living.
- 1917—**Myrtle Peterkin** and **Becky Riley** (S.L.-1920) spent a week in St. Clair, Michigan visiting **Mrs. Anne Smeltzer** (S.L.-1919).
- 1920—**Luella Bailey Burns** met **Harriet Wittmer Stexrud** (S.L.-1930) while cruising in the Mediterranean on the "Stella Polaris." They discovered each other through Dr. and Mrs. Paul McDaniel of Chicago and spent many happy times reliving again their St. Luke's days.
- 1939—**Mary Britt Thompson** has been working at Passavant Memorial Hospital for the past 5 years. The first 2½ she was head nurse on a women's surgical-gyne floor. The past 2½ years she has been working with Dr. John Brewer as nurse-secretary on a Choriocarcinoma project. They have a government endowed grant dealing with the diseases of the trophoblast. They use chemotherapy only and resort to surgery only if absolutely necessary. Her son, 17, is now living with her and it is a real pleasure.
- 1954—**Lucille Wood** is supervisor of a 60 bed nursing home where she is also on 24 hour call. She has 3 children.
- 1959—**Nancy Cruickshank Jacobus** is still working 2 evenings a week in the I.C.U. at Community Memorial hospital in LaGrange. In July they moved into their first home in Riverside where there is much papering and painting to do. Craig is 7 months old and Kelly is 4½.
- 1960—**Agnes Suzuki** has been very good about sending news for her classmates. She met **Corrine Roth Zbiden** (1958) in Honolulu in July. **Corrine's** husband was teaching at the University of Hawaii for the summer. This fall they returned to Urbana where Bill is working on his doctorate. Agnes was in New Zealand and Tahiti in August where she met **Joyce Cane** (1965) and **Janna Nowak** (1965) who are also stewardesses for Pan Am. Seems they all enjoy their flights to many countries. Agnes and **Sue Wandrey** (1960) entertained **Donna Drapp Butler** (1960), husband and 2 children in September. Donna is working part time at Macon County Hospital.
- Marilyn Hawk Bass** is finishing a Master's Degree in medical-surgical nursing at De Paul University. Bob is in his last year surgical residency at Cook County Hospital after which they will live in Miami Beach.
- Evelyn Leistra Carder** is busy preparing to start in the foster child program.
- 1961—**Judith Dombrow** is working part time occasionally since her husband has become assistant personnel manager.
- 1964—**Lenore Clark Main** is an instructor in the operating room at Copley Memorial Hospital School of Nursing in Aurora, Illinois.

NEWS - NEWS - NEWS

Without a great deal more news from the Alumni, this publication could almost be discontinued. Have you noticed the amount of news—that is excluding all the "fill" we add? Not too great is it? Surely you all don't live in a vacuum—so let's hear from you.

Holiday Greetings

The members of the Board join me in extending to all alumni a Merry Christmas and our best wishes for the New Year. It is our hope that all of you and your families will have a most enjoyable holiday season and will find increasing happiness and satisfaction throughout the new year.
